

Experience Placement Position Description

Category Outdoor education/resiliency

Country Tonga

Placement Youth outdoor education/resiliency programmes

Length of Placement 3-12 months

Reference Number 087

It can be hard to see a future on a remote island. For many young Tongan people, there is the very real prospect of no employment post schooling so there is a need for building personal resiliency and life-skills. This position involves the development of an outdoor education programme linked to a school community that seeks to provide opportunities for engagement and resiliency skills. Contact Kathy to express an interest in this important work.
