

## Experience Placement Position Description

**Category** Landscape Architect

**Country** Cook Islands

**Placement** Landscape architect

**Length of Placement** 12 months

**Reference Number** 109

The Cook islands church need the services of a landscape architect to help advise the church and community about beautification projects on the island. This role would include doing some background research into the native flora and developing ideas, in conjunction with local people, as to ways of improving their communities visually.
